Cleaning and Support Services

## There is NO Plan-et B

**We've got one planet, and it's dying, but we can do something about it if we act now.**

**We need to cut carbon emissions, reduce waste & stop cutting down our rain forests.**

**We need to do all of the above and more, & Green Jumper is here to play its part.**

**We will host Green Jumper Day. A day when we turn all turn down the heating, save energy and save money. The saved money can then be donated to the Green Jumper causes. Join us.**
